Dear Spielmann

I have cabled ~~Hoeber~~ "Approve."

Get the material from the C. P. and hurry on with the translation.

I would not mention profits - not likely to be any. Apparently they are
are raising a *Guarantee fund*

They might be getting on with the plates, unless you need them in the
text, in which I hope you will have as many as possible.

Do not bother about the cable - only a few words.

Yours in haste

WM. OSLER.
