

as the Astrologer..

CUS417/129.60  
July 21.

Dear Edsall (of Boston).

The  
same.

I have the enclosed from Morley Fletcher, by which you will see that the Research Committee has taken up actively the question of abstracts and reviews. Would it not better to join in your forces, particularly in the way of providing the special features of the Ergebnisse? I am sure Fletcher would do anything to meet your views.
