Haller but not Ferguson

Plan,

W.O. as much as anything hoped to follow it after the
first treatise of Albrecht von Haller "Bibliotheca Medicinal
Practica" and possibly to come later or to be
influenced by the "Bibliotheca Chemica" prepared by John
Ferguson then Regius Prof of Chem. in the University of Glasgow
then they were to be arranged as he had arranged the books at Chich.
at least judge so.

W.O. too here intended perhaps, as did his great forerunner
Cornel Gesner, to produce his autograph in which his
catalogue of books in his great predecessor, Cornel Gesner, the father of bibliography,
and his autograph, in which his Bibliotheca universalis.
