

Dear Sir

Montreal 20<sup>th</sup> Oct. 1792.

I hope you had a pleasant and prosperous  
voyage homeward - since you left us there is no new  
occurrences in this quarter of the globe - I have to beg and  
shall esteem it a particular favor for your continuance  
of information relating the prospect of the European  
Pettrie market - I learn here previous to your  
leaving England last spring you had sold nearly the  
whole of the N.W. Pettries which will undoubtedly raise  
the price of those at public sale, your exertion in  
defeating the obnoxious and dangerous combinations  
merits all our warmest thanks - I am under appre-  
-hension that my profit on Campion's parcel will  
be but small - enter now my present speculation  
is if Pettries don't fall more than 12 or 15 p<sup>cts</sup> lower  
than last sale price I will escape clear of loss -

Warry & Pitty request you will accept of  
their respects, and I beg of you to make my  
compliments to W. John and Simon Fraser  
I remain wishing you all manner of happiness  
and prosperity -

Dear Sir

yours most Oble. Serv<sup>t</sup>
