David Pike Esq

Sir

As Porter is greatly in demand here and the stock that at aught brings ready Money I am in hopes of being able to send you a small order or two in course of the summer. I provided your terms are the same as Messrs Wallers who ship very considerably to this country, they can nearly change 1/2 lb for best brown about 13 dishes included it sells on an average here from 10 to 11/2 lb. I'll allow say for dozen the Baskets are worth 3/4 to 4/4 dozen being very scarce in this place, if you were inclined to send us a few dozen on consignment by way of introduction you may depend upon a speedy sale. However as I intend being in Scotland next Dec. as I shall defer saying more at present, only that I hope you will have the goodness to favour me with a few lines in reply to this.

I remain respectfully
Yr. Obedt. Servant

Friend

I am very glad in this
country, I have been so very long out of the
business in the house for which I have
out as they wish to see than I have
expected in preparing the short time I have been
here. As I wish to see you very long
into this country and the company
in preparation. I think I could be of use
service to you there in the obtaining of
your house, through the hands of my
Mills.

My father says, provided this quality is equal
to that of other houses which I have no doubt
is the case if not superior it generally sells
for 2445 or 2448 per acre and I think
London a 247 short price, I think there is
greatly in demand here but very scarce I have
inform me if you can show any of this quality
and the price delivered on board, I think I will
have seen them in the country, I think I
say to be mostly used in the former country
with 14 to 17 per acre, which is direct from
the land very generally very much
that you be able to send me a few
of both to me on the payment by way of
preparation you may see it upon very attention
being shown to your order. I think I will be
satisfied of your terms if they are on the whole
to a more extensive preparation in future for your house
with best respects to Mrs. Thomson & family
