

London 30th Oct. 1826.

My Dear Sir - I received your letter a few days ago, I had every wish to comply with your recommendation of Mr. Wroughton's name in the late changes, but it was not in my power to meet that, & other objects in view, highly necessary in the Office of Prothonotary at Montreal. You well know how much I am oppressed by sollicitation, & how little I have the power to meet them. Mr. Wroughton must have patience & I will not lose sight of his name, & recommendation from you; than which, none can carry greater weight with me, for I do assure you there is no man

in the Province to whom I should feel a
greater pleasure in obliging -

with great respect & sincere regards

I am Yours faithfully

Dalhousie

Hon^{ble} Rod. Mackenzie
