

ST. JAMES'S PALACE, S.W.

13th November, 1930.

The causes of war are manifold. And the education which would build up the spirit of peace in nation after nation must explore many avenues of human activity and thought. The numerous sections of the League of Nations Union's organisation show that the need has been felt of carrying out this educational work in a methodical and businesslike manner. Such work calls for the support of every right-thinking man and woman, and I trust that the people of this country, which has been the pioneer of so many great and beneficent movements, will realise the urgent importance of doing all in their power to assist the League of Nations Union in the greatest Crusade of all - the crusade for world peace.
