

Aug 25^d

Dear Buxton.

Whitaker asks me to say
that while his E. Grey wd
welcome yr going out as a
private individual, he cannot
see his way to investing you
How wd L^d's letter be acted on then? ⁷
with an official character.

In these circumstances Whitaker
is sure you will not wish to
it will find me
start till you have seen
L^d's wants to avoid response
again yours sincerely

W. Mark

When the report appears afterwards I shall I come & see you
I am prepared to provide

Thurs 10
I do not think it is worth
seeing L again till
I have seen
Lord George's view was that
Churchill ~~should~~ carry matters.

on
~~If that is his view fully~~
~~thought the next step~~
was in the hands of C & G.

~~He thought C agreed that~~
~~going in a long letter~~
was of some sort for
Grey, perhaps embodying
his (L's) letter. This may
be less than I means
~~suggesting~~ ^{with a}
official character.

I do not think I shall
see him again till I know
more of his view for you
or him. It seems a pity to
drop the scheme when you
are willing to write letters
