

Domestic Fowl ♂, sp.?  
(Gallus ?).

R. Paillon. F.<sup>+</sup>  
January 17. 6 1749

+  
P.M.

This Lock was called Egyptian.  
I believe falsely it was the largest I have  
seen. Remarkable also for the largeness  
of its Comb & Spurs & for the white spot under  
the Ear. I suppose this Bird came from Spain or Portugal.
