CREDO

THE REBEL is an AMATEUR paper; for this it makes no apologies.

It is an amateur paper in that it is not published for profit, nor as the organ of any group or organization. It is published for the pleasure its editor receives in expressing his own ideas in a troubled and intolerant world.

It is an amateur paper and belongs to the organized amateur press associations and supports these associations because here only is there a true free press, independent of subscribers, advertisers, or sponsors.

THE REBEL is a FREE LANCE JOURNAL.

It hews to no set line; it is not subject to pressure from any group; it is not a fellow traveler of any cause or party. It is subject only to the opinions of its editor and writers. It is free to discuss any question or present any facts it desires.

THE REBEL is a RADICAL paper.

It is radical in the sense that radical means—roots—it is trying to get at the roots, at the basic issues, at the fundamental problems, and at far-reaching, definite and dynamic answers to the problems of today.

THE REBEL believes in TRUTH.

There is no need to lie, either by telling untruths or by hiding unpleasant truths. Dishonesty and distortion is the weapon of reaction and fascism. Progressive forces have no reason to fear the truth.

THE REBEL believes in the COMMON MAN.

The "Century of the Common Man" can become a reality. THE REBEL believes in the strength and rightness of the people—the mass—when freed from prejudice and fear. THE REBEL believes in the ability of the "Common Man" to elevate himself and free himself and create a world of untold wealth, comfort and security for all.

THE REBEL believes in a NEW WORLD.

A world built on trust and understanding, a free interchange of wealth and knowledge, where no man exploits another, and no nation robs another people of their wealth through empire or "dollar diplomacy."

THE REBEL is UNAFRAID.

It is unafraid of TRUTH, FREEDOM, THE COMMON MAN, or the NEW WORLD, and it is unafraid of those dark forces that oppose them.
