

Letter
Rev. J. M. Gwynne
16th Oct. 1823

Mr. Robert Dawson

Pictou.

West river Oct 16th 1823.

Dear Sir,

The Geography which I wished you to send for is
Thomas Ewing's Geography with maps. price 6/6 bound.
Mind to say with maps for it is to be had without maps at 4/6.
unless you wish to have it without maps, which I suspect
would not answer so well. This Geography is highly praised
at home. — There is also Mylne's outlines of Geography,
at 2/6 sterling very good for scholars. It would cost but
little to fetch a few of them. I could wish to see them in-
troduced into all our schools, as Geography becomes every
day more necessary; because of the great progress of the ges-
pel in heathen lands. I remain, Dear Sir,

ever yours

James MacGregor
