Dear Sir

May 26<sup>th</sup> 1824.

A few days ago I received a letter from A Brandom  
secretary of the B. and F. Bible Society informing that he has  
sent us 100 French Bibles De Luys and 500 Testaments which  
are to be at your disposal. There are also 50 English Bibles and  
100 Testaments. You will enquire for the vessel that contains them  
at any vessel coming from Halifax. Great demand for Spanish  
Bibles in South America. More openings in China.

Yours

James MacGregor.
