Mr J Dawson

Dear Sir

The army forage contract has fallen to my lot, having offered to supply the troops with oats, hay & straw for one year from the 25 Oct next.

I have thought that it might be advantageous to you to collect oats for me at Peterborough — They must weigh at least 32 lbs per bushel & I should like to have them delivered on the wharf at Malpas at about 2/ — I could take from a thousand to fifteen hundred as early in Novr as they could be sent hither —

Would it suit you to look out for me or is there any other person you would recommend? — I shall pay cash on delivery or if needful, could advance — With me in reply & oblige Yours truly J. H. Young
