Hon^{ble} Geo: Smith

or Sir

When you are at Pin
Jahn, you would oblige me by
Suncting for the "Judicium Doctor" as
she is called, and investigate her closely
as to the Effects of W^m Taylor. - The
Chief articles which are missing
are - about 50 Vol^{ms} of Books -
a Pocket Book, and all his Papers
for 3 years back. - a pair of Pistols
A Quadrant - a pair of Dog Irons,
A ^{Lens} Mirror, - A Thermometer, - A
Case of Mathematical Instruments,
Some Axes, and a Gold & Silver
Watch & Silver Chain - The Watch
and Quadrant are two of the
most valuable assets, and I
am particularly anxious that
they

Should be got. I was told at
James Jadrup's that he said on
his death bed that his Watch
was at Fletcher's in Pictou
where he had left her some
time since himself - but this
I find is untrue as Fletcher has
not had her for some years
and I was told besides that
he had the watch himself while
in Jadrup's house - I am much
inclined to think that he has
her.

I have a good deal of
Hopes that the Enquiry you
may institute will lead to
the discovery of some of the
Articles. I am yours
truly
