My dear Sir,

I thought there was an error made in sending me Chamber Journal as I was not aware of my having ordered it but you know best and am sure you would not do so without you had instructions. Under the impression that I was not a subscriber I returned it at the time it was last sent, but as it would be most unfair to ask you to take it back, you will please to send it to me until you can give orders to discontinue it. I enclose £1. 3 0 balance of your account to the end of the year and remain,

Very truly Yours
J. McKay
