

Canaan Mich. Aug. 27th 1836

Dear Sir,

I have sent you an
order for Calvin's works
but I learn from Miss
Hankin that you were
not at home when
my letter reached Detroit
I have since thought that
there was some danger
you might not have them
forwarded this fall. I would
lament this very much
for I think the Congre-
gation would be glad
to have them this fall

and I think that they will
be disappointed if they do not
come this fall.

If they cannot be sent
out from Britain I think
they could be ordered from
the States. I find that Wm
F. Draper, Bookseller & Publisher
Andover Mass. imports the work
(i.e., Calvin), & of course sells them
Probably if we are too late ~~for~~
for Britain we may procure
them from him.

I have not received Jacobs
on the Gospels yet. nor have I
received any of the Ec. Reviews
since the 14th No. the 1st No
is printed sometime ago
I understand the

Beairsto of Malpeque has
written you for Bullions
Latin Reader & Grammar
could you not send them
on immediately I know
his son is anxious for
them. indeed he is about
to take lessons from me
and nothing prevents his
immediate commencement
but the want of books.

Probably you might send
them on to me that is if you
have any work which you
intended for myself. and
write me by mail that they
had come to Charlotte
Town. I should like

know what about
Galvins works. So
that at least I might
show you note to some
persons. This would
be any guarantee that
I was carrying out
their wishes.

P. S. I see a work advertised in your
Catalogue which I would like to have &
yet feel almost afraid to say so. However
the work I mean is Luther on the Sala-
tions. Costers Catalogue page 26

With kind regards to
yourself Miss R. I am
yours very truly
