Dear Sir,

At the earnest request of a number of persons here, I am about issuing in Pamphlet form a revised edition of my reports of Mr. Wortchels Lectures on "Syria and the Holy Land" which were published in the last two numbers of the Good Section. As these Lectures have excited considerable interest in this City, all the papers containing them having sold off very fast, I have thought that a number of them might probably be disposed

of in Piton. They should be in
the hands of every Bible reader, as they
illustrate in a remarkable degree
the fulfilment of the Prophecies, and
consequently the truth of the Bible.

The Pamphlets will appear in
a few days, and will be printed in
a clear and large type, and on
good paper. I cannot yet tell the
cost, but we will make them as low
as we can, not more than 1/3 at all
events, perhaps less. Please tell
me whether any, or what degree
of interest is felt in the Lectures in
your vicinity, and what number
of Copies you think you would

be able to dispose of. Of course the usual commission, ten per cent on the amount of your sales will be allowed. — Please answer this as soon as possible, as the number of Copies that will be struck off, will be sent in some measure on your reply, and the publisher being scarce of type cannot allow the forms to stand but must strike off at once the whole number that we may decide on printing. —

I remain

Yours Respectfully

J. Oldright

P.S. Please excuse the liberty I take
in addressing you. I think the Lectures
should be widely circulated, & I do not
know to whom I could as well send
them for that purpose as to direct us
to yourself. — M.S.
