

In my last letter I mentioned some
signs of a Revival among us.

Thank God it has come, He has heard
the prayers of His people that we may
improve the time of our Merciful Visitation
and not let it slip.

I tremble lest we should let the Spirit
pass away from us after we have asked
his aid and so our hearts be only the
more hardened. I have a paper that
I must look out and send you that
will let you see the extent of the work
that is now going on in Huntly,
and elsewhere we have a nice prayer-
meeting that I go to along with my
Brother but we miss many golden opportuni-
ties that others have who are near
the town.

There is ~~not~~ a very remarkable
awakening going on just now in the
North of Ireland, indeed to as great
an extent as in America and I
believe it began at the same time.

and in similar circumstances ~~and~~
the one originating from the party of
three young men and the other of two;
I heard a Minister in the Free Church
beside our Farms describe the scenes to which
he was an eye witness, some of them was
struggling with interest, some of the large towns
he visited, he said the whole aspect of
the place for many days seemed like
the Sabbath the public houses and
drum shops all but deserted, this move-
ment is not confined to one denomination
more than another, Roman Catholics and
Protestants are alike convicted of sin and
of their sinful state "is not my word as a
fire with the Lord, and as a Hammer
to break the rocky heart in pieces
may the work both here and there
go on and prosper and may the
Great Husbandman gather in a rich
harvest of souls from His great Ore
yard.

But I must conclude as my time

is done, my Father & Mother are away among
our friends and I have not much spare
time at once, the world claims a great
deal of our time and thought, its deman-
ds are many and frequent,

Give our compliments to your Son &
Family, and accept the same for yourself
hoping to hear from you soon

I remain dear Uncle

Your Affectionate Niece

Jane Knowles

As since I wrote you last Uncle John's
youngest daughter is married and away
to California the marriage was made up
very hastily the gentleman came home
for another but she was married so at any
rate she would not go with him, only as matter
acquaintance rather short isn't it. good bye J. L.
