

Montreal

dear Grandpa

It makes me
feel very happy
to hear so often
from you. Kama
says we must
keep them all &
have them printed
into a little book

book & perhaps
read them to our
children. I think
you ought to come
& see us here, 'We'
intend to be quite
busy making a gar-
den in spring & we
would be glad
to have you to

help us. There is
a great deal of
snow yet & it is
so far from meeting
I only go when the
Sabbath is fine
I read twelve ver-
ses of the Bible every
morning & am leav-
ing all the psalms

you taught me over
again. Give my
love to Agnes
and Marion. I will
write to her
next time.
Your affectionate
grandson
