Dr Wm

I was not made aware until too late to recall it, that Mrs Dawson had posted her letter to you yesterday containing money (\$20) and Inclosures, without writing on it via Portland, and consequently it has no doubt shared the fate of all similar Neglects, it has been sent by Quebec and will not have reached St Johns till after you have left for home.

To guard against the Effects of this neglect I have enclosed herein other Twenty (\$20) Dollars via Portland which I hope will reach you in time & you can give Mr Stewart Directions what to do with the other one when it arrives. I hope you will be home by Sabbath 21<sup>st</sup> Inst.

I am yours affectionately  
James Dawson
