Mr Dawson Esq

Sr

We are sorry that you are so often troubled with those accounts but it certainly is not our fault, as we have twice ~~mentioned~~ written to Philips telling him to transfer you a/c to us. Enclosed you will please find invoice from Mr Farn, which we can make nothing of, we shall wait your orders concerning it. The tract society have put us to great trouble in not sending us the year's vols of Sunday at Home & Leisure Hour as we distinctly ordered, they sent us 12 parts for the month of Jan of the Leisure Hour & Sunday at Home which was very wide of our order. Our sails still continue very good, and we do not think that the opposition is interfering with us at all. Hoping you are still in good health.

We are yours  
Jas M Thorton & Co
