My dear Lois

3 hrs, Sept 23rd (*125 S. Marks) '09

I am very glad to have your letter of last Sunday. By the same mail I got a letter from Mr. Warnock, acknowledging the receipt of mine. (saying that I was returning to Montreal) and also saying that it was barely possible that he could find me work in the vicinity of Montreal.

He evidently has not quite accepted my resignation as final, but I hardly think that he will offer anything good enough. However, he says he will write again later.

In any case I am to have my way paid to Montreal and ~~is~~ I am not worrying about what comes next in the way of work.

I'm glad your passage home had a good latter half. Is your Cousin going to visit you all winter. I suppose she's nice. You have not mentioned much. I expect you were too much taken up with the "Kentuckians" & Port Hope people to bother about girls.

Certainly I want a picture of you now, - but I think it will be safer to wait. It will only be three weeks till I am in Montreal. And I think I had better wait for the other also. It will be more exciting.

Its a pity the time will not be November instead of October - The best Birthday ^{Party} yet was the one you all so generously donated parsnips & music boxes & toy swords & donkeys etc, etc.

About your class; - wait a bit, you'll wish you could use a club presently, or I'm a poor guesser. If they were boys it would be different, but girls are the limit. One at a time is too many sometimes.

Don't you like my writing. I'm practicing, using any ordinary pen instead of my fountain pen.

I'm going down now to kick a Rugby football about and to try to get up a little enthusiasm about the noble game.

I think it would be nice for us to bring your "class" to a McGill match? don't you?

Your loving
Uncle Edward.
