Sunday June 17<sup>th</sup>/<sub>1890</sub>

Dear Edward.

Just a line to enclose  
the snaps, I said I would  
send, if I do not post them  
right away I shall probably  
forget. —

It is roasting here today.  
Selvia, F. M. & Clare go  
to meet tomorrow, they  
are rather glad to go,  
although they are sick

about missing the "Aviation  
meet" - or whatever they  
call it - It will be  
not exciting I think - It  
lasts from June 25 to  
July 4<sup>th</sup> - I really think  
you should come down  
to see it - They say it  
is going to be the best  
show of monoplanes,  
biplanes, airships etc  
that there has ever  
been - and quite a

number of celebrated  
aeroplanes etc. are going  
to exhibit —

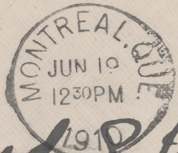

I meant to ask you  
in the last letter, when  
you ~~you~~ have ever seen  
my hair down? except  
the last time you were  
here. I don't believe  
you ever have ! ! ! !

The portrait of you  
has got so far,  
but no farther!  
It is quite nice

and yet rotten. I  
 actually got very mad  
 with you for about the  
 first time the other  
 day - - . I have ordered  
 a great large canvas, and  
 I am going to try and  
 paint another - .

I have 2 other notes of  
 write, one of condolence  
 and the other of congratulation  
 so I must stop ... I will  
 write again after I hear  
 from you -  
 with love from Lois"
