Guelph, Canada, July 14th 1910

My dearest Lois

I see from my note book that this is the day you were intending to go down to Metis to stay for six weeks. I hope you were able to get away. In any case I am taking the chance of sending this down there.

Miss Douglas, our chief stenographer goes for her holidays tomorrow and returns on August 2nd. It is practically decided that I leave Toronto on the 29th and get back on the 15th of August.

$$29 - 14 = \underline{\underline{15}}$$

Considering how the time has flown during the last six or

eight weeks, I² shall probably be surprised to wake up one of these days in "Loisburg". Gee! Loisburg would be quite a name would it it?

I have been in Hamilton a Monday
Brantford Tuesday
London Wednesday
Guelph Thursday
Toronto (Thurs. after-
noon)

So you see I have not been idle.

I got a nice large order on Friday for \$3400⁰⁰ and I have several smaller ones. I'm working hard to make a good record this month because I will probably see the General Manager at the end of my holidays and I don't

want him to begrudge them me.

I was very glad to get your letter three or four days ago. I hope there is nothing which requires an answer because it is in the bottom of my suitcase and I have not got a room here.

Oh! I saw the flying last Saturday. It was a frightfully hot and long wait but it was very interesting and quite a memorable occasion. I think to have seen the first flying machines in Canada.

The Wright machine was scheduled to start off first but had annoying little troubles in starting and eventually de Lesseps ~~and~~ went away over

to the other side ⁴ of the field
and started up first.

It seemed to be extremely
easy for him and his taking-off
made me think of nothing so
much as of a duck pattering
along and rising from water.
de Lessops used his smaller
mono-plane. I should like to have
seen him yesterday in the bigger
machine when he flew around
~~the~~ and over the city. But
perhaps I will be able to get
finished at the office early
this afternoon and be able to get
out again today.

I had dinner with Dr Leonard
last evening. First he drove

me, in a very nice turn out,
out to the Hunt Club, where I
saw the hounds and the golf-
links and tennis courts etc.

I saw George Hales' father too.
In the evening we sat on the
veranda for a time and then
went in and Miss Leonard, who
is young and very pretty, played
the piano and the army sang a
little bit.

Well, Tiny dear I'll have to
shut up. Please thank Fannie for
her letter of the 8th which reached
me 2 days ago. I hope I'll write to
her - later in the day possibly.
All sorts of love to you - and save
a little for me for the last day of this
month - please!! Edward Sly.
