Little Dactis -  
Sur la shore -  
July 24<sup>th</sup> - /10.

My Dear Edward's

It is Sunday afternoon and a  
gorgeous day, consequently I am  
sitting on the shore by the pier  
and trying to compose a letter  
to you -

I ~~went~~ <sup>went</sup> to church this  
morning, and Silvia + I  
were the only two in the choir,  
I was so embarrassed -

We have been having great  
times here the last couple of  
days - Friday night we  
had a wonderful concert  
There were about 3 of us over  
in the dancing hall, playing  
etc - I began to sing a

2.  
Japanese love song. To the small  
circle around me, I valiantly  
struggled through it, ending  
with a flourish, and high g!  
I then turned around on the  
piano stool, and to my  
horror the whole dancing  
room was crammed with  
people - my sensations  
were rather peculiar! -

It was quite wonderful  
I made quite a hit  
as a songstress, and had  
to sing about 4 or 5 more  
songs -

Then Eva & I sang the  
patter chorus which brought  
the house down! -

This was all that.

the Harringtons<sup>3</sup> did, conceited  
wretches!!!

We also had piano  
recitals, and one perfectly  
crazy boy, got up and  
played the fowl in general  
he was quite the funniest  
thing I've ever seen -

We ended the concert  
with a grand ball -

I love it at the Bonle  
Rock, every thing is so  
informal, if we have  
a dance everybody  
dances, both old & young  
which I think is much  
nicer -

Yesterday I went for a  
paper chase in the morning

4.  
it was great fun, but  
most strenuous -

In the afternoon Peter  
Francie, myself + Mr  
Garthup had a foursome  
in golf - we had lots  
of fun - But our playing  
was not brilliant -

Last night, Chester Payne  
Mr Naggee myself + an  
American girl went up  
to the Seaside to dance it  
was not very exciting, so  
we came back + Miss  
Darel (the American girl)  
+ myself retired to the  
top veranda + looked  
at the most gorgeous moon

while we munched sower  
 cherries & soggy biscuits -  
 all this stuff I've been  
 writing I'm sure is not  
 the last bit in testing type  
 but never mind - ! It's  
 been most interesting  
 to me -

My Aunt a lady in  
 the hotel is giving a dance  
 tomorrow for her daughter  
 I expect it will be fun  
 your Aunt came down  
 last night I think - It  
 will be nice for you  
 to be here while she is  
 wont it? -

Are you really coming  
 on the 29<sup>th</sup>? 52 days  
 & then you - 61 joy!

Intermission of 2 hrs  
 in paddling in the sea  
 & teasing an impolite  
 kid -

I meant to write some more  
 but I want to post it this <sup>time</sup>  
 afternoon, and as I am

going to play tennis now  
I have not time —

I got your note this  
morning, you do seem  
to be busy, won't you be  
glad to get your holiday?

Well I must run  
on the court will be  
pitched by Crean's  
or Baylis' —

Lots of love to you  
I may write again to  
you but don't count  
on it — XX X OO
