Dearest Edward

Many thanks for your  
last three letters, and  
please excuse me for  
not having them here  
to answer properly —

But I have about  
three minutes to write  
to you in, as I have  
to go down and sit with

2.

Eva — I don't think I  
told you that she has  
apendicitis, the poor  
dear has been in bed  
for about a week, and  
seems to be neither better  
nor worse — She is a  
very difficult patient  
as she is so nervous —  
Dr Shepherd is coming  
to see her tomorrow so  
he will probably decide  
her fate — I do hope

that she won't have to  
have an operation -

I have been fearfully  
busy the last week  
doing school work and  
helping look after Eva  
besides having several  
social functions.

Broa and I went to  
see Wedder Grossmith  
yesterday in "The Pledge  
and the Countess" - It  
was very funny and

very good<sup>4</sup> though not  
quite up to what we  
expected.

You will be glad  
to hear that I sold my  
beastly little seal in  
to Vic. for the huge  
sum of \$3.00 (private).

I have got a dear  
little new bucket  
hat - comme ça  
quite neat & small  
on a champ. 

a good chance of winning  
it in the end - Did  
you see the game?  
Was it good? -

81. I'm absolutely  
shupid today. We will  
put it down to having  
dinner with G. M. -  
she was so sweet she  
was telling us all about  
when she and Grandpa  
knew each other when  
they were young.

6.  
She said the first time  
that she saw him, was  
one morning, <sup>she</sup> she was ushered  
into the dining room by  
mistake, and she had  
curl papers in her hair.  
and she said "Maggie  
blushed deeply - " -

I gave G. M. your  
message of congratulation  
the other day, when I knew  
it would not affect her -  
She said that if there  
was any communication  
between us - that I might

Say, that she was much gratified at being remembered by you — ! —

I hope the work is getting on well — You must have had a nice time in Stratford, what with your canoeing & lady loves. I don't believe you amuse yourself often enough. —

You are a dear, and I'm dying to see you again the mountain is perfect now and it seems hard that I have nobody really nice to tramp it with — Well love and a Kiss to you from "weeny weeny Ting" —

It has done absolutely  
nothing here but pour  
with rain. It is so  
discouraging to go out  
day after day and  
get poured upon -

You had 2 e fill  
got beaten yesterday.  
Still I should think  
that they stood quite
