13th Aug/11

My dear Dad

We are having a very interesting and enjoyable trip, having just returned from the run up the

Saguenay.

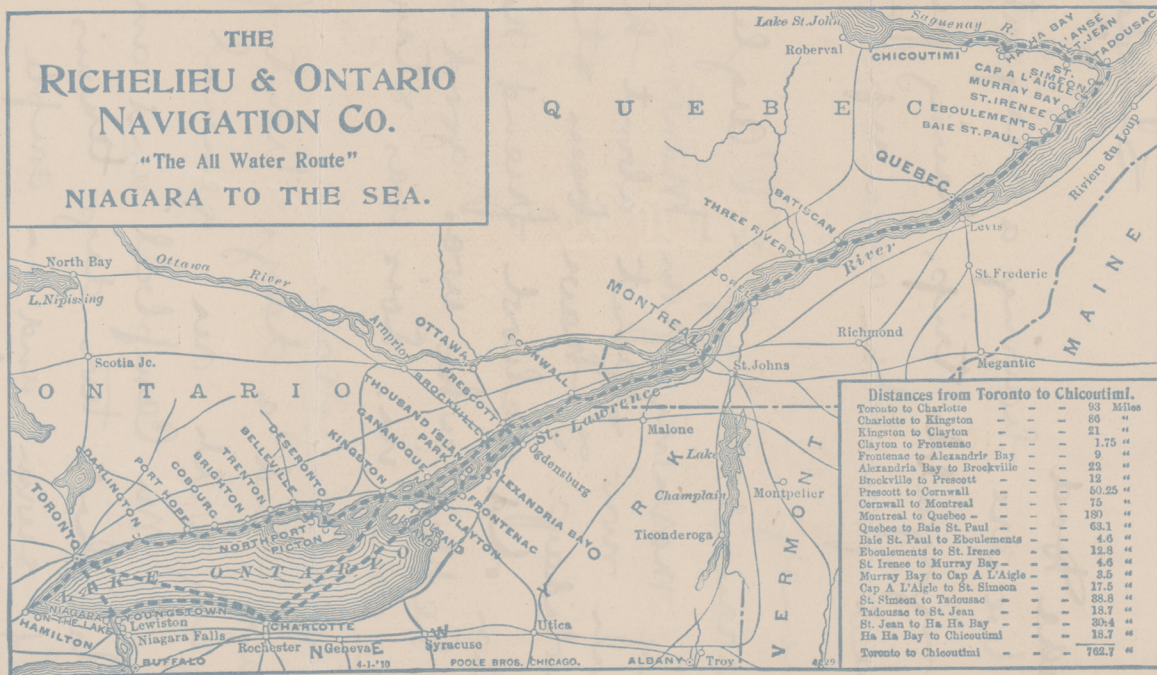

I arrived in Cap i l'Aigle last Monday morning from Montreal and so have now spent about half my holidays. I have been staying with an old school friend named Roger Pefler, who was good enough to take me in. Lois was staying at a boarding house.

I have had a days trout fishing in company with our general sales manager, Mr Campbell and another. Have also had two days tennis, a couple of swims and a couple of drives. The bathing is very cold.

Will & Lois & I leave Murray Bay

that Naomi & Frances are just
on the point of leaving Metis
so I could not see them even if
I went down to Metis instead of
stopping at Bic.

Hugh and I expect to get a room
or two together at the Stanley

Must now scot down to lunch

Hope you are enjoying things

Lois sends her best.
