Sept 10<sup>th</sup> / 11 -

Dearest Edward

I have just written five letters, not so bad for a little girl like me, is it? —

1. To Clare.
2. To Eva
3. To Madge Kohl.
4. To Roger Pepler (to thank for the photos) -
5. To Mrs Winslow. (so please hurry and send me her address).

We had a wonderful haycart drive last night, in which I got

nearly bumped to death, lost all  
my hair pins, and had my  
hair fall down like a "mantle  
over my shoulders"! ahem! —  
"oh gee! never no more"!!!!

You are wonderful, if your  
sense of calculation, makes you  
imagine that  $12 \times 112.50 = 2500$ .<sup>\$</sup>  
indeed you must be an optunist?  
Money is really rather a humble  
is it not Riddo? —

It has been raining here  
and is still dark and drear  
I think I will go for a  
stroll in that charming little  
French village nearby —

Will goes to Metis tomorrow  
so I will be all alone  
then for more than a  
week, but I do not care  
one little bit I have  
lots to do -

I have seen our friend, named  
"monsieur the Pig" several  
times, in fact I have  
gone through his field  
quite close to him ~~several~~  
twice - but he has always  
kept at a most respectful  
distance, whether he remembers  
he or not, I cannot tell -

and of course I do not dare  
go near enough to ask the  
gentleman! - needless to say  
I also keep a respectful  
distance from him - !!!.

Some people are foolish  
are they not Teddie? cheer  
up dear I really am all  
here all though it may not  
seen so to you -

But at least I am  
going to stop now! for I  
think you have had quite  
sufficient of this most  
interesting and utterly  
charming letter - what say  
you?

with love Darling  
ever yours & I say -
