DEAR SIRS:

My dear Lois

I am writing in duplicate to Winnipeg and Calgary. And just a line to say how glad I am to have your letters of Thursday and Friday last. I have also received a nice letter from Dad. You seem to have made "some hit" of there.

Don Hugh's train is 12 hours late and he will not be in till this evening sometime.

I have wired to Lady Dawson, Little Metis - Congratulations + hearty good wishes (signed) Edward Spragg Winslow.

Regarding China - I do not contemplate using this ourselves and do not quite remember what it is like. There is one lot of small side plate I noticed with a little flower design ~~on~~ around the outside but I had intended it simply as a treat for the maid. On the way. What about the maid? Did you make any progress in this direction?

DEAR SIR:

I thought you and Mother were going to do
 out some thing. I have just put Mrs H on a car on
 St Catherine St together with a basket of
 cherries which we had just purchased for
 Metis. He leaves tonight.

I rather hope you have decided to let
 me go ahead about the house. Pick's
 sister and her husband are living on "2000"
 a year and just about make the grade with
 a "45" a month house. I would like to
 advertise for a house - westmount locality
 preferred - rents from \$35 to \$45 a month to
 be considered.

If this does not fetch anything suitable
 put in about the same ad with rents up to \$50
 considered.

Well dear I must get to work. Will love

Yours Edward. S.H.
