My dear Lou

Still in this darn place!  
Well, I can't fail to see your letters tomorrow  
anyway!

No news except the sale of a Compressor  
and drill plant this morning!

Still wet & rainy but everybody's happy!  
How do you like my new letter writing style "!"

Timy for the love of Mike come back.  
What with day dreams & night dreams and evening  
dreams & morning dreams, I consider myself  
lucky to get any business at all.

Between schemes for a house, schemes for a  
wonderful trip to Bermuda, schemes for future prosperity  
and present poverty, schemes for the day of the  
wedding and schemes for making ~~the~~ "Pick" tall  
enough to be best man I have not got time to even  
think of flying machines let alone business.

Oh well cheer up there's a good time coming.  
if the world lasts for another 2 or 3 months.

With love

Yours Edward Spragge Winslow
