

Little Melis.

August 14th/15:

Dearest Edward.

You will be glad to see that I have purchased some note-paper. I thought that I would never get to Mariah's. I do not like going out on the street here in daylight much - and every evening something turned up -

Yesterday I went to Isabella Fleet's to lunch, and sat with Claire Robinson, in the afternoon and then went to a little boys bonfire, on G. M.'s beach, that Mrs

Russel was having ^{2.} ^{last night} I was so
tired after these wild excitements
that I could not sleep - , which
shows how very quiet Melis is
and how little I have done since
coming -

It is nice and cool again
today which is a comfort, as
it was 85° on Friday, and 84°
yesterday, which I found quite
too hot for my comfort -

I see that A. D. Thomas rep-
resentative for British Gov: has
been visiting munition factories
in Canada, and is very pleased
with the work that is being
done - I wonder if he went to

Sherbrooke?

I am anxiously waiting to hear if you can meet me in Montreal either on Friday the 20th or the following Monday. I still think it would be a good plan for us to see the stored things together & decide what we want. don't you let me know as soon as possible I would sooner come on the 22nd.

The others are all going up to the Fleet's Lake this afternoon. they should have a lovely time as it is such a perfect day.

I do wish you could have a few breaths of fresh sea air. I suppose it would not be possible for you to run down for next

Saturday & Sunday, and take me
up with you on Sunday evening?

I long to see you my darling, to have
your beautiful face near mine, and
your arms around me. and to be able
to kiss you, and shew you your
little baby. I know you are
lonely for us, though you never

Day so -

I had a nice letter from Mrs. Durr
yesterday, please thank her for it
if you see her. It was good of
her to bother to write.

Well darling this is Saturday
again - I wonder what you will be
doing this afternoon & tomorrow -
have a good airing. I hope.

Much much love to my dearest
husband ever your love.

Aug 14, 1915.
