My dear Dad

I have just written
Mother telling her that it
again might be possible to
get to Winnipeg, in about
4 weeks time.

It would not make any
difference being the wrong
season of the year as
neither Iris nor I want to
see much outside the family
circle.

In your last letter you asked
how much money I might have
to invest. I should say \$2000⁰⁰

although I might find \$3000⁰⁰ if it were any special advantage. What would you suggest my doing with it. I would like to invest it fairly reasonably but it is not "a widow's mite" and it came rather easily, so that I don't mind taking some chances.

We are expecting to get our first samples of material for 8" shells next week.

Our shrapnel production is being increased. Our 18 Pound High Explosive future work seems doubtful.

Clare and the babies are all well and Lois goes out every day now and is feeling quite bright.

With love to you all
Yours affectionately

Edward S. Winslow.
