ANGUS GORDON, Resident Manager

Nov 17th 1916

My dear Dad

As I am away from home there seems to be time for a letter or two. I have not written nor heard from you or Mother for a long time. The children and I are quite well but Lois cannot stand any exertion yet without getting knocked out. Her digestion completely fails to work if she gets a little tired and she goes for 24 hours at a stretch on nothing but hot water and then gets upset again on a cup of malted milk. The doctors say she must be very patient and careful and try to put on some weight — a strange thing for Lois to be attempting. She weighs 130 something now. I hope her progress will become more rapid.

We had a shareholders meeting in Montreal on the 15th at which I was present and afterwards a directors meeting. We then had a special train to the works and back to convey Mr. Grace

the President of the American Company and
Mr Drabbladay, the President of our Company - also
about 20 lesser lights, I was given the honor
of a table for two for lunch with Mr Grace
on the train. Coming back I had dinner with
Mr Gilman, Mr Drabbladay & Mr Newton.

The Company are paying me a little better
and took care of my Winnipeg trip expenses etc.
I was feeling a little hard up on account of
trips, hospital bills etc and so the extra money
will come in handy. However the Company is
doing well and our shell production is increasing
very rapidly.

Ken told us you were coming East soon - Is
this so. If so do not fail to come out to
Sherbrooke to see us

Yours affectionately
Edward
