My dearest Lois

I had nine holes of golf with Mr Gilman this morning and seven sets of tennis this afternoon. The thermometer was 72° at 8³⁰ when I had breakfast and 76° at lunch time. I wore flannels and soft white shirt without any coat. We will dress for dinner and have the usual little dance in the evening.

I am sorry I did not ask you to write to me. I wonder how you are getting on with the youngsters and the furnace.

I am leaving for home on Sunday. Expect to see Mr Doubleday on Monday.

 here and that is much worse for
 them than the winter is for us.
