

Monday Evening  
16<sup>th</sup> July 1923

My dear Lois

I arrived safely in  
good time this morning  
after a good sleep on  
the train.

I have just written a  
little note to Clara telling  
her about our week end.

Thank you ever so  
much for making it so

pleasant. I had a  
wonderful time and enjoyed  
every minute of it.

I found you all looking  
improved and all the children  
well behaved. Both Alice  
and John will have to be  
kept under good stiff  
discipline. Do not make  
their work too pleasant.  
Make them realize that  
it is a work & a duty  
and make them do it  
with military exactness.

You should be able to  
find numbers of things

requiring attention - particularly  
the ground and the beach.

The grass looks rank in  
front of the house and  
should be chopped off even  
if Johnny has to do it  
with his knife.

I have telephoned to  
Annie & she is going to  
leave me a key under  
the "garbage can". So I  
expect to sleep there  
tonight. I have just  
had Mr Haight here  
for dinner. He is going

4  
out to Sherbrook tonight.  
I have been talking to  
Uncle Charlie in the hall.  
Aunt Flo has gone to  
Lake Memphremagog leaving  
him to have some repairs  
done about the apartment.

Please tell Muriel &  
Will that I delivered  
their respective letters  
to Con's messenger.

With lots of love &  
looking forward to seeing  
you again soon  
Yours affctly  
Edward.
