June 14th / 26.

Dearest Edward.

Your stay is certainly stretching out! I was trying to find some of the places you have been visiting on the maps yesterday, but they were difficult to locate. Dawson City I discovered, but not says a Whitehorse. It is interesting to think of you being in the country where Uncle George spent

2.
So much of his life - For
what you say in your
letters it must be quite
an eye opener to find
a land so far away (&
so little thought of by us
Easterners) so comparatively
civilized & containing such
nice people, who love where
they live - I believe there
is a portrait of Uncle
George in Dawson, but
I suppose you did not
see it - as you would

3

probably not know about
it -

Toddie Anderson thought
it would be nice if you
could see her sister Gwen
in Prince Rupert, if you
had time - her name
is Mrs W. E. Fisher.
Toddie says she adores
to see any body from here.

I hope to be able to move
the family to Comox this
weekend - but I will
have to come back myself
to Comox next week - + 6

possibly the week after, as I have various things to attend to. I do not look forward to being in the house alone.

The children had a nice week at Com - Eva Tim, & Nic came on Saturday - and Mr Winslow was there from Friday till Sunday at 2 o'clock, Ken also came on Saturday. Mr Winslow worked like a beaver - he scraped the canoe & painted it, + had several paddles in it -

The weather was nice for a change & on Saturday & Sunday -

I found a great part of my work that I had done on the garden - had been scratched up by the hens. I chased them away & frightened them as much as I could once or twice. But just as we were leaving his Lordship was at the gate, so doubtless as soon as we had rounded the corner he informed his flock that scratching

would be good for a
time again - I did put
strips around several
of the beds -

I believe I am in as a
playing member at the
Mont Royal - but so
far the weather has
been unpropitious for
playing -

Mr Carter telephoned
me yesterday to say
that it would be ages before
me

7.
You would be back in
Vancouver - !

I must go out now &
do some errands -

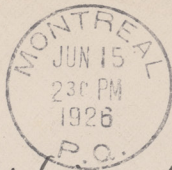

You say you are well
& happy - So your trip
must be doing you good.
I hope that you are trying
to rejuvenate the three
parts of your make up
equally - mental, physical
& spiritual - The indeed
I will not grudge you
six months away - So

take your ^{8.} time old dear
& do not let old Giban
& Carter worry you, you
are beyond their reach -
I don't care very much
what happens to them - but
I do care what happens to
you - I can't bear to see you
work ridip you so hard
that it crushes all the
good from you

Good bye for now Edward
will write again soon -
all well -

with love Lois

Please forward to Prince Rupert
if time.
