

416 Roslyn Ave.

June 25th / 26 -
Saturday.

My dearest Boy.

I was so glad to get your
lovely long letter today, dated
June 8th on board the S.S.
Dawson - You certainly
sounded as if you were in
"The Pink" - and I am
so glad, perhaps you
have needed this Yukon
treatment ever since the
war -

I am glad that the
bears were at a distance,
but how very interesting to

2.

see them scrambling up
the hill sides -

Your friends the Wernecker
banded very nice - I had
no idea that they were
destined to receive my box
of maple cream, that I
had made for you. But
I quite understand why
you gave it, & I hope that
they liked it - I will have
to make you sure more
how -

I laughed over your
washing day - I wish I
could have seen you -
I am sure it was beautifully

considered -

You seem to be meeting lots of nice + interesting people.

We jog along here + life seems very drab as compared with all your travels + doings. But I have done the best I could to keep everything going while you have been away - + it has not left me much time for myself.

John is absolutely docile since is operation + is as sweet as sugar - it is so much easier to guide + care for them when you have just one or two at a time. Somebody told me that

4.
Mrs Carlisle was "expecting", rather
funny, if it is true, after her having
just adopted me.

It seems a pity that we
have not got a second boy. I
kept feeling how awful it would be
if anything happened to John when he
was ill - I wish men could
bear the sons, they should do!

If you can't get back before the
8th of July - you better not come
till the 16th or 17th as I will
be busy the week between!

You better address letters to
40 Milton Robinson, Conno P. Q.
after July 1st.

I need you Edward darling
please don't be too long.

With my dearest love

Thank you for the yours Lois
nic little pressed flowers, also names of books.
