

My dearest!

August 2<sup>nd</sup> /39.

I was enchanted with your delightful letter yesterday, and the children loved it too. It quite cheered us up.

I think that you did the right thing in taking the chairmanship of your party. For indeed I see the fingerprints of your work behind it all - I am enclosing an article I have cut out of this morning's Gazette for you. I suppose Sox will send you one too - I hope you get mine first -

We had another party<sup>2</sup> last night.  
The Kippers brought their mother  
over to see their pictures on our  
projector - Also Sterling came out  
for town to see the boat race  
picture.

Thank you for your kind offer  
for us to take a trip etc. I  
think Mary + I may go to see  
Alice on Saturday after we  
get Ruth off. That is if she  
writes to say that we would be  
welcome -

I hope all yours will write  
you. be careful of your dear  
little self. with love for  
us all. affectionately  
Lois.
