My dearest Lollipops!

I hope that you had a nice
trip with Frank to Ottawa
He is a very striking looking
lad in uniform I think. I
continued my lonely little
way to Montreal, travelling at
about 30 miles per hour - I
stopped off at Amos for a
short time and found my
two little girls sitting crossleg
each other on the large sofa
it really is cruel for these

3.

I dropped in to see your mother
for a few minutes this afternoon
she looked very well - Your
father came in, saying that he
had had to fish out \$3.75 for
some pills! which did not
please him - Fraser Winslow is
to be in town on Wednesday I think.
Hugh has given up his job as
he found it too tiring with only one
arm he had a lot of lifting to do.
He was at it one month and
paid your mother \$40.00 -

Did you hear about the Restaurant
Keeper that is making one end of
his Sausages of cotton wool because
since the new meat ration system
he can't make both ends ^{meat!}
he! ha! - - - I hope that you

poor little things!² - They were
very glad to see me, and Anne
produced a scrambled egg for
me - later I got home and find
that Mary had opened the garage
door for me, and was inside to
receive me - Today I have
worked hard putting away
winter things. I went over all
your suits brushing and
spraying some - I saw no
signs of any moths!! I noted
the grey pants and have the
ready for Com - also belt.

I am enclosing two letters
for you please return to me
or keeps and I will get them
later -

are not working too long, and that
the sore on your lip has gone -
my pretty boy! I did enjoy my
week-end with you. -

Ruth is at Aunies tonight again
I'm all alone in the house and it
is creating something terrible!!!

Mary Jane had two wisdom teeth
out today -

Well this seems all the
news - So signing off, old
Honey Bunny.

affectionately
Lois.
