Dearest Lois -

So much seems to  
be happening - Mrs Arrepps  
death, was to have been expect-  
ed - but I know you will  
always miss her - she came  
so much into your life,  
so I send you very real  
sympathy - I do hope your  
being an executor, will  
not draw you into too  
much work + that there  
will be no complications -  
Then - this morning only,  
I came on to the announce-  
ment, in the Gazette, of  
Mrs Cobbelts death - so I  
did ring up for more  
details, which you will

2.

Know about now - the funeral  
today (Private) - St Matthews  
Church - We can but be  
thankful for her - she has  
suffered greatly - and  
now the news that dear  
Doris has had to return  
to hospital :- Grief the  
cup of sorrow, + anxiety,  
has fallen again on  
Frank + Ruth - I can  
but pray for them,  
hoping to help, where  
there seems little one  
can do - - - - -

I have caught up with a  
few of the things, I have  
wanted to do for a long  
time - I went to the  
Countryside on such a lovely  
day, + it really was so  
beautiful there - masses of

filices in bloom, <sup>5</sup> & other  
blossoms - I found our  
plot looking better than  
expected - no dead leaves  
or long grass - it must  
have been well raked  
over - The vine which  
runs over the rock at  
back - needs a little  
pruning - & one of the  
little Head Stones, has  
popped up a bit - also  
I found it almost  
impossible to read the  
inscriptions on the  
large main tomb stone, &  
feel if the letters could  
be whitened or blackened  
it would be good - I am  
enquiring - It likely is  
partly my eye sight -

for it still is ledgeable,  
 if one can get near en-  
 ough. - G. D. is one one  
 \* of the head stones - so  
 well George must be  
 buried there -

Then yesterday I went  
 to see Mr. Ferrington who  
 did not get free of a  
 meeting or something, but  
 I spent an hour with  
 Mrs. Smith who knows  
 as much as he does, +  
 got her (while I was there)  
 to have the stereograph  
 copy - the papers I have -  
 But I will have to talk  
 to you of this - They  
 are still re-arranging  
 papers etc in connection  
 of Grandfather etc. a  
 general survey of many  
 past days -

5-

you likely have heard  
from Will - Mr. Guffey  
died this past week, of a  
fatal stroke - Will  
wrote me such a marly  
dignified letter about  
it - he, the Minister  
Mrs. Guffey, Mrs. Crawford  
& Will were with him  
till the last, until  
about 2:00'clock in the  
morning - The funeral  
was yesterday -

I have my reservation  
for Guadalupe June the 16<sup>th</sup>  
port & Co were down  
at Metz over the holiday  
week end. had lovely  
weather. Said Will looked  
remarkably well - & that  
the property looked lovely

Mrs Leslie + I had lunch  
with the Yleets the other  
day - Mrs Leslie was  
just thrilled with  
seeing an old home,  
\* like hers - + she  
has got to know the  
faithful Jane, quite  
well, as she (Jane) still  
visits us every week.

I have had pleasant  
drives with Elsie Kemp  
+ quite a few other  
things - but still have  
a lot to do, gathering  
together things for Metis,  
etc - + cannot go galleries  
very too often - I usually  
take a day off to relax  
between - Wish you could  
do much love dear Clara,  
Harrington.
