Mrs. Lois Winslow-Spragge,
"Cedarbrae",
Almonte, Ontario.

Dear Mrs. Winslow-Spragge:

I forward herewith two preliminary lists involving Accessions 1138 and 1220 for your files. Some things like the plate, Item 7, and the Bartlett lithograph, Item 8, are yet to be returned to you this Fall.

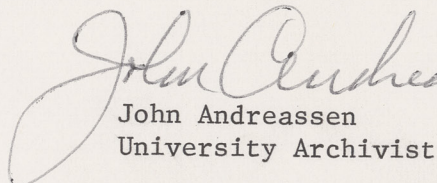

The coming weeks should bring a colorful landscape in your summer home, and do enjoy it. Our holiday on Cape Breton Island earlier this month was all too short.

Clayton Grove of the University of Saskatchewan is here this week working on the GMD Papers, now safely ensconced in the new quarters in the McLennan Library Building.

There was nothing terribly bad about the move from the Administration Building, except that most things had to be done pretty much in reverse order.

Most cordially yours,

JA:md
