

Dear Mr. A.

Thank you for your letter of Aug 9th which I should have answered long ago. My days this summer seem to have flown by faster than ever - and I never seem to get caught up with my letter writing - You to I ^{can} have had a pretty hectic summer. Two drives to Cape Breton is a lot of driving and can be a tiring experience, even though the scenery is ^{quite} lovely in spots.

I am sorry that Mrs. A. has had the anxiety ~~over~~ her brother being so ill - I do hope that he is better now - has recovered & that your wife is back with you in Montreal - when you can take shorter journeys to your lovely place

St Eustache -

I was glad to have a copy of Edouard's latest letter - I'm afraid the last paragraph did not ring a bell - He is such an ardent researcher - that I suppose he will in time turn up what he is looking for ^{himself} I fear I am not in his category, but I like to know what he is doing -

Mr Frost seems to be also a very careful researcher - it will be interesting to hear a little more about those who went before my Grand father - When he comes to the time of my Grand father, I would be so glad to help in any way that I could - but I hardly think that there is much I can do - I hope that he is quite strong again now -

The summer is fast coming to an end, said today - I look forward to ^{seeing} ~~to~~ ~~back~~ ~~to~~ ~~the~~ when I return to Montreal late October
Very kind regards Sincerely. L.W.S
