for if Eric continues to improve I will not like

a clever Dr on the other side = I am not either

which I have followed, & since
Friday, he has been steadily im-
proving - no great change, but
eating better, feeling & looking better
& distinctly more like himself, than
is the first improvement I have
seen, since Dr H - first took him
in hand - We went on Tuesday
for a drive abt 7 or 8 miles & father
had got a hack arranged for the
carriage wh. made it much more
comfortable - Eric was rather
tired - but next day he seemed
more the worse, except - his back
a little weary - It is a great com-
fort having father here, & in a
day or two he is going to go ^{to the} see
Laramie side, & look around
there, to see if there is anything
better there for Eric, meanwhile
he agrees with me that we are
very well placed here - & I don't
have taken Eric to a new place
on chance, nor do I well have left
