

was advised, & then
I thought - I think
bury them up in
one of the cupboards
in the attic, but
I am not sure, I
must try and get
one of your books about
how to do it, I will
write to you if I find them
if they fit - they are
not so warm, but
I will not mind
them being shabby.
It is only half
p. 2 & 9. I don't
care to see to
write it - it is so
dark - I will
not alter
at the moment
I don't want to
see so long
longer
I have written
you - I don't
think I shall
write you
at night -

dear, the letter
that keeps coming, & all so kind, &
they demand answers, & I don't
know when there
is only the one old story to tell,
sickness, & weariness, & absence from
home - I want to warn you, & I don't
want to attempt - much. It was work
more you are at school, that must
come first - divide the necessary
relations amongst you, & try to have
some graceful or suitable tokens of
affection, rather than a formal
present - I was thinking that
perhaps a "reunion" of Eve, & Cain
with some easy frame, w'd do
nicely for Aunt Florence, or Aunt
Laura, or Corry, or any body,
or rather, at least, by somebody's
of the relations - Eric w'd like one
Mrs Boynes, & Mary Taylor - Have you
any money? & has Kath any?
I w'd like to know - If you think
this a good plan, you had better
keep it a great secret, but have
it done at once & the little people
c'd themselves give several photos -

I think you & were much - the learning needed
picking by their letters - especially, you - I know the
is direct to each & you - there is getting on board
with her letters of - has a colored pencil picture book
one of the 5th and of - Mr. Calverton as soon as the
children have all, & want "a page" on it - there
many her asking for. I don't see another picture
but don't they say any poetry -
That's right? I suppose is always with on the page &
now - as has been for the last 4 or 5 years, his writing
might - could - upon her writing -

This is a beautiful - that - Oh, we might
have one out - for a letter after breakfast, but
last - her class - writing the 1st - and -
The little girls have very good, first of all
their work things, & keep their clothes & clothes
in such good order - I hope when I get home I
will find that her is good - especially & all the little ones
Do you skating boots for you - Oh, they ought to be well

20th to help you out, & I went - you to let - Cor & Ben
& Lois, either the rest for 9th was - My car have 5th
has Bible verses 4th & 6 - very short pieces you
choose, & cor 1st - each day he reads his lessons with
our bases, any other little thing that Lois or B can
do just - I will rather they helped verses - I was
like B - I Lois to have the Mattheos & the John 5th was
1st 1st - John - & the John 14th & John's Parable was
I'll depend upon how long it takes them to learn how
much they can have - she or Miss B - had better pay
over the money for them, Lois ought to have a cut for my
little - she can say herself, & B can have the same for each
after 5th time - he was rewarded for that before -

Another thing is Behavior - I was he has great
been forgotten, you might get the uncles & grandmas
& Carly but - lead to a ride you a little - I know since
W - & we & - we will by - I would you a not
since Stump - I if you like to ask her you might will
do so =. Jack & Bob & directions my love - I would you
to write Miss B - but I have so little time I can write to ask
has to receive my reading messages just when I think

the people you did not need, they
c^d give me or father one, & Carl's if
she was not needed by you -
Father might as well pay for that
as give you money for add^d ends,
as I am sure he is doing \$1.25 -
I think it w^d cost with two
heads. & you make them go as
far as you can - I had been
pleasing myself with the thought
of how nice Kate w^d make their
curls it annoyed me the time
Flurence gave them - By the way
their hair, now invented is her
sh^d always be curled after
coming in from their afternoon
walk. I don't like their going
out with damp newly curled
hair, in the cold - W^d their like-
ness look better in their little
green bonnets, or without? you
might try both if they look well
in them. I think the plumer
sketches, I suggested w^d also be
nice, & that without much time
w^d provide for a good many
if you are doing anything spe-
cially pretty at the class, send it
up for father, better than any
other present from both you
& Ruth - I w^d please like more.
I am putting \$1.00 in this
letter you & Ruth can each have
