

Montreal May 29<sup>th</sup> 1897

Dear Clare,

I hope you are getting on well. It has been raining very hard to-day, the Berrys are sailing to-morrow for England. Lois, Eva Poppy, Mother father and myself went up to Piedmont yesterday and we were playing tag and after we had been playing for a little while we went and picked as many lilies of the valley as we could carry. Yesterday there was a humming bird in nest box and we went in and tried

says if I cant get rid of it in a little  
while I cant go to chris with the  
first lot **Good Bye** from

Bernard Harrington 295 University  
Montreal Qc

This letter is, I mistake  
to be

Please excuse  
the mistakes  
and the writing  
about the people  
that were in church  
the number was  
made a little  
bigger than it  
really was

I wish you  
would write  
me a letter  
soon.

Do not think that this letter has  
been written by 10 people.

to catch it at last conrad gave  
it a hit with a piece of cloth  
and sent it flying to the other  
end of the hall then it sat  
down on the wooden part going  
round near the sealing  
and I climbed up on a step-  
ladder and caught it and  
then handed it to con and  
con put it on the window  
and it flew away. It didnt  
even say thank you for letting  
it go. I think we are going down  
to Metis about the 8<sup>th</sup> of June  
Father has told tucky to add  
about seven feet to our <sup>vegetable</sup> garden  
and he is going to move the  
gooseberries there so that we can  
have more room for the peas and  
other things. Grandmama went  
to church last night and there  
must have been about 2,000,000  
people there last night I have  
had a little cold nearly  
all this week and mother.
