Dearest Will,

Your washing
bill is most moderate,
& I am sorry that you
have such a lot of trouble
about your clothes. As you
say, when home has dis-
appeared - "What is a man
to do," indeed! Home is
not at all a bad item
& a man has good cause
to be thankful to have
one & now you will
know how much is done
for you. - We want a
good helpful son as
much as you want the
other things. We have
had a very nice photo of
B. J. taken his 21 year
one - you will have
the same when you are
21. I wonder if I will
be here to see it, sometimes
I think not.

What perfect weather this
far Ste A - we all envy
you - If you are not
using your skis, per-
haps as well bring them
in - Luis birthday will
be on the 15th & Annus on
the 20th another reason
I want you next week.

Bernard seems pleased
with Chicautini & its
prospects - Our Dubue
was away - but I hope
to hear in a day or two
where our lad is to be
sent - I rather think to
a small new mill abt
50 miles beyond Chicautini
where he will be to run
me - Did you know that
quite big ocean steamers
go up the Saguenay to a
little below Chicautini &
take on lumber & pulp -
I send you today a new
pad of paper
your loving mother
