

Dear Will.

2030/23<sup>rd</sup> Nov 1909

The deep fresh snow has almost gone & the dear little flowers are smiling again - Thank you for reporting so promptly about the stone I have sent - the man his cheque today - I hope that Mr Tuckey will be able to sell the old one as it wd be glad to get back part of the expense - I hope that Mr Tuckey has received the cheque I sent him a few days ago & that he will soon be writing & telling me how you did not notice the picture gasped I sent Did it take your fancy I will send the others you might show them to the Minister - I thought he might like them as

Sunday school rewards  
they are only 3 cts each.  
The whole Testament is  
.25<sup>cts</sup> - you might send  
on the Magazine to B.S.  
The article on the H-Ber-  
nard dogs is good. I also  
about Japanese prisons.  
The Chinese detection on  
shamus have clever they are  
~~the~~ I saw Mrs Thorp  
today, she is in great  
joy because her son  
is going to China as a  
missionary this fall - he  
goes to England first, where  
where he is to be married,  
when he was quite a little  
boy, before he left China  
he used to talk to the Chinese  
boys he played with about  
the Christ, & told them how  
foolish it was to pray to  
idols - & quite a number  
of these boys have since  
become Christians - Mr  
T. thinks he was born to  
be a missionary

of course he can speak  
Chinese as well as English  
so that is a great advantage -  
Wherever he has been  
at the Sailors institute  
in Quebec - & now out  
in a rough little Western  
town - people turn to God  
& begin to lead new lives  
That is a real happy life

Dr Gruevel too, he loves  
those fishermen, because  
he feels he is working for  
the very same kind of  
folk whom Jesus  
loved to be with

The Bible is the greatest  
& most wonderful book

I have just got a copy  
of the paper Prof. Coe  
wrote about Father &  
I must try to send it to  
you to read - for I have  
only got two copies -  
Certainly Father was  
greatly loved, by the  
people he worked with  
I don't know what

we will do with Peter  
this summer, he is get-  
ting pretty unwell too -  
wants this down way too  
much

<sup>Notes</sup>  
Ben is writing a  
short article for the  
Women's Witness -

Lair Illustrated Cover  
is perhaps going to be  
printed after all, & sold  
as a poster for the  
benefit of the cause -  
Is it not good to be  
able to make money for  
so good a cause -

Keith's poster made quite  
a lot for it once before  
Mrs L. Sutherland is  
leaving her town house  
& going to send her Wil-  
liam to board next year.  
I see Mr Fashery is desir-  
ing that the School is  
to begin at 9! Ontario as  
before in audience which  
means that the new will  
not be ready in time -  
Lovingly Mother.
