I will draw in with  
you tell him how much  
I like it and say thank  
you for me - Mother  
too has sent me a very  
good photograph showing  
all the family in a group  
You must tell her that  
I think it very good &  
am much pleased  
with it. The dolls take  
up a dilly - You see I  
generally trust you  
with all my messages,  
why I don't know,  
perhaps because  
you are more like your  
mother I think than

Review of dolls & health  
My dear Clara  
Your Christmas  
letter reached me  
safely - I think the paper  
is very pretty. how you  
will be quite set up  
with paper and envelopes  
of your own to write  
notes and letters on  
what capital fun they  
bead bag garter must  
be - I like the Christmas  
card but sent very  
much and had have to  
show it to several  
people who think it  
very clever and very

any of your brothers  
and sisters. This is  
something to be grateful  
for, and you must  
try to be as kind and  
as good and as nice  
as she is as you grow  
older, will you not?  
Aunt Florence too has  
sent me a very good  
photo of Victor and one  
of his brother which I  
have safely received -  
You must tell her that  
I have received her  
letter and that I think  
the photos very good -  
Victor looks capitally in

his sailor suit. He  
must be quite a big  
boy now - It seems a  
pity that only one ear  
shows in the photo, but  
I suppose that could not  
well have been helped.  
I am sorry to hear that  
the dolls haven't been  
well. They look to be in  
robust health, but their  
appearances are often so  
deceptive - If they are  
ill again give them some  
if possible wine and cut  
their hair short - Ruth  
seems to have grown very  
much since I saw her  
last. Give my love  
to father. Your loving  
uncle, Frankie -
