My dear Mrs. Miss Harrington
I received your letter
concerning your sweet mother
that I love dearly you
well might say that I know
her better than I did thank
you my sweet girl for letting
me know that she still
I deem praying that she
may be spared to us
for many years & come see
all. I received her last
letter always was a blessing

To me. They were few but
few as they were it
looked forward. So thin
I wish that I could
do some for you is there
any thing that I can do.
I did not know off her
been all the last letters I
had it was before Green
Marriage in his letter she
told me that she write again
I got answering her previous
letter & at the same time
I had a great deal off
work to do. I some time
have to think how I able
to do it I had my letter

me sent for him at a late
hour at night he did not
come but I sent our own
Dr. for two days & one
night the angle of death
honored over our house
& yet she appeared to me
I believe in Prayer left
in God hands I could
do know more for her
I had such faith in
