Dear Mother - I fear I have no

pleasant news to tell - lately as to
letters, I have had by very many
to write, several about - you
not to you, I am so strongly
about - Miss May - especially as it
seems to me has no good reason
had her mother's notion. It just
me in much perplexity - as to
what is to be done with you.
But I understand is looking for
some one, but Rachel is going
to Portugal, & I am sure she
wondered about - the what mother
thinks me much - what's the
the way will be opened with
I have not heard whether you
went home when father as
niece or not - In any case you are
there now, & if there has gone, I
want you to do good but - in
helping Miss Baker, & return & we get

I am so glad that she tells so well, & that
every one has so comfortably -
I don't think I can write much more &
say of you this week, for there will be no news
to say to grandma & Aunt &
My dear loving little Ruth, you are the

Re Ruth + John's party

home please just also your
things neatly & carefully away &
have the trunk carried up stairs
with the key tied on. Let us
you talk of amusing yourself

The I summons are back
& will likely wish to borrow
Eva & Lois, which will be con-
venient. Have you any idea
what Mrs Becker means to do
with Dexter this year, as Harry,
I wd like to know. I am so
glad to hear that you are
speaking much more softly &
Grandmama seems delighted
with you, which is a great
pleasure to me, for I am sure
you must have been quite
a help to her. I want you
to try & keep the peace with
Con. I dare say he is sure for-
saking, but a few moments
silence & patience on your part
will help him to do more reason-
ably. Nothing brings him to so
quickly, as no answer, for a
moment.

The boys sure have just gone out shooting
with a dog who stops & "grunts" when he sees
a bird, & when it is shot - runs & fetches to
them. Such a pretty dog, with spots all over
it, & long hanging ears

We go on much as usual, day after
day. It has been very quiet since Aunt Mary
left - but we hope very soon to see Grandmama
Aunt Eva. If we stay on till Nov. I shall
certainly have to go to town, & see about you
all - I fancy I will find you all grown &
changed & you will find me very much the same

I hope you will all be very careful not to get
sick when you reach home, for hearing you were
all so well, has been one of my chief comforts.
Carry will be very anxious to see you.
